Product Name: Line Pin Stakes

Manufacturer: ERECT-A-LINE

Product Description: Form Pins Stakes (also known as line pin stakes, pegs, and solid stakes.) are steel pins with forged points on one end. Line Stakes have chiseled points to prevent rotation of stake and for easier penetration of subsurface. These stakes are solid without holes. They are used for form pins, stringline set up, and general staking purposes. They are heavy duty which allows the stake to be reused multiple times. Form Pin Stakes are available in 1/2" through 1" diameters, made to specified lengths.

Composition and Materials: Composed of hot rolled steel bar

Sizes Available:

- #FP1X18 1"x 18" Line Pin Stake
- #FP1X24 1"x 24" Line Pin Stake
- #FP1X30 1"x 30" Line Pin Stake
